

MISSION
Nov. 5th-13th, 2005
Daily Report 4

Wednesday, Nov. 8, 2005

GOALS:

- Cleanup and finalize application/data with documentation packet for turnover to Long Beach staff
- Train Long Beach staff
- Work with NASA, University of Southern Mississippi and Gulf Regional Planning Commission to establish long term support of GIS at Long Beach
- Support Information requests from Long Beach staff
- Collect information to provide humanitarian aid to Long Beach employees
- Help Coordinate December humanitarian mission

TEAM ASSIGNMENTS:

Official Team start time is 8 am

- Dorlisa and Libby assigned to Building Department till 5pm
- Adam assigned to help Pass Christian team
- Rachel entering data for Right of Entry database
- Dave and Tony assigned to work on Web Damage Assessment application, System and Training documentation, Requests for Maps

SUMMARY:

- Req A for Mission 10 submitted to Harrison County EOC for entry into the WEB EOC. Tracker number assigned was HAR298. There is some confusion as to whether or not Long Beach will need a Carpenter on Mission 10 – trying to get clarification.
- Still no luck reaching Ashley on the number provided to us for her. Veronica (City of Long Beach employee) will try and get us a list of the employees that have needs.
- Created seven maps, put them in PDF format on the website
- First training session with Joseph Stapleton from the Fire Department
- Fixed Winshield Assessment to correctly map latitude and longitude and moved it to correct location on the server with all other project assessment information

- Prepared data/map for the Mayor regarding uninhabitable properties not receiving waste management services
- Provided City Engineer with Bldg. footprint of commercial properties to collect information. City Engineer to bring back updated map for entry into the GIS.
- Pictometry application reconfigured to work properly, Began using this application to create before and after pictures for special projects.

Released Building techs and data entry at 5pm, Rachel returned after dinner break to enter demographic information into Right of Entry data base for Chief Bass. Tony and Dave worked a couple more hours during the evening.
