FOR IMMEDIATE RELEASE

April 2, 2017

ENGINEERED CONTROLLED BURN TO BEGIN ON APRIL 3RD AT WESTPORT RESERVE SUBDIVISION IN PORT ORANGE

PORT ORANGE, FL —Beginning on Tuesday, April 3rd, the contractor for the Westport Reserve Subdivision – Phase 4 in Port Orange, will be using an engineered controlled burn apparatus at the site to remove piles of debris from site clearing. According to the contractor, the burning of debris will occur over the next two weeks (Monday thru Friday) between the hours of 9:00 am to 4:00 pm. The controlled burn will be located at the center of the Westport Reserve Subdivision – Phase 4, on the north side of Town West Boulevard, west of Coquina Cove Subdivision.

The controlled burn set-up has been inspected and approved by the Florida Forestry Service and the Port Orange Fire Department has authorized and issued a Controlled Open-Air Burn Permit.

The burn piles will be located at least 300 feet from any roadway and 600 feet from any dwelling.
