

CITY COUNCIL AGENDA ITEM

REQUESTED COUNCIL MEETING DATE 01/09/2007

Subject: Amendment Number 1 – FDOT Joint Participation Agreement, I-95 Interchange Improvements.

Department: Public Works.

Recommended Motion:

Staff recommends approval of Amendment Number 1 to the Joint Participation Agreement with the Florida Department of Transportation for Improvements on SR 421 at the I-95 Ramp.

Summary:

In August 2005, Council approved the Joint Participation Agreement with FDOT for improvements on SR 421 at the I-95 interchange. FDOT is submitting, for approval, Amendment Number 1 (see attached) to the agreement which revises wording in Item 1 and deletes Items 8 and 9 as shown on Exhibit "A" of the original agreement (copy attached).

MEMORANDUM

TO: Kenneth W. Parker
City Manager

DATE: December 28, 2006

FROM: Warren Pike 
Public Works Director

SUBJECT: Agenda Item for January 9, 2007.

Please place approval of Amendment Number 1 to the Joint Agreement with FDOT on the Council Agenda for January 9th.

Commentary

In August 2005, Council approved the Joint Participation Agreement with the Florida Department of Transportation for improvements on SR 421 at the I-95 ramp. FDOT has now submitted Amendment Number 1 to the agreement for approval.

This amendment revises wording to Item 1 and deletes Items 8 and 9 from Exhibit "A" as shown in the original agreement. A copy of the Amendment revising the scope of services is attached for your review, along with copies of the original Exhibit "A" and the revised exhibit.

Recommendation

Staff recommends approval of Amendment Number 1 to the Joint Participation Agreement with the Florida Department of Transportation for improvements to SR 421 at the I95 Interchange.

--	------------------------------	---

The terms of the original Joint Participation Agreement, executed on August 11, 2005, are hereby amended as follows:

Exhibit "A", Scope of Services is hereby revised as follows:

Item 1. Replace the existing separator as a 4 foot separator under I-95 to accommodate three eastbound through lanes, two westbound through lanes, dual eastbound left turn lanes and a single westbound left turn lane. All lanes shall be a minimum of eleven feet in width with a minimum six foot shoulders where possible with barrier walls remaining on the outside.

Item 8. Is deleted.

Item 9. Is deleted.

Except as hereby modified, amended or changed, all of the terms and conditions of said original Agreement thereto will remain in full force and effect.

The following attachment is hereby incorporated into this Amendment:

Exhibit "A", Revised Scope of Services

IN WITNESS WHEREOF, the parties hereto have caused these presents be executed, the day and year first above written.

EXHIBIT "A"
Amendment No. 1

REVISED SCOPE OF SERVICES FOR:

**LFRA (Locally Funded Reimbursement Agreement) with the City of Port Orange for
Advanced Construction Project**

FPN 417127-1-58-01

The City of Port Orange wishes to advance the construction phase of the subject project to begin around July 2005. The intent of this project is to construct an additional eastbound lane and dual eastbound left turn lanes through the interchange. This will require ramp modifications to accept dual left turn lanes. Modify North bound off ramp to accommodate dual right turn lanes and a single left turn and construct mast arm signal.

The scope of work in this project includes the following or as modified and approved in writing by the DEPARTMENT:

1. Replace the existing separator as a 4 foot separator under I-95 to accommodate three eastbound through lanes, two westbound through lanes, dual eastbound left turn lanes and a single westbound left turn lane. All lanes shall be a minimum of eleven feet in width with a minimum six foot shoulders where possible with barrier walls remaining on the outside.
2. Modify the island on I-95 northbound on ramp and widen the ramp to accept dual left turn lanes from eastbound SR 421.
3. Modify the island for the I-95 southbound off ramp to add a right turn lane at the traffic signal with the existing dual left turn lanes.
4. Construct a northbound left turn lane and dual northbound right turn lanes at the signal from the I-95 northbound off ramp. Remove the existing northbound free flow right turn lane.
5. Construct a four foot concrete separator between the westbound through lanes and the free right turn lane from the I-95 southbound off ramp to prevent weaving into the westbound left turn lanes on SR 421.
6. Construct a four foot separator between the westbound through lanes and westbound left turn lane at Airport Road.
7. Install mast arm traffic signals on SR 421 at both ramps.

Estimated Cost: \$1,000,000.00

SCOPE OF SERVICES FOR:

LFRA (Locally Funded Reimbursement Agreement) with the City of Port Orange
for Advanced Construction Project

FPN 417127-1-58-01

The City of Port Orange wishes to advance the construction phase of the subject project to begin around July 2005. The intent of this project is to construct an additional eastbound lane and dual eastbound left turn lanes through the interchange. This will require ramp modifications to accept dual left turn lanes. Modify North bound off ramp to accommodate dual right turn lanes and a single left turn and construct mast arm signal.

The scope of work in this project includes the following or as modified and approved in writing by the DEPARTMENT:

1. Replace the existing separator as a 4 foot separator under I-95 to accommodate three eastbound through lanes, two westbound through lanes, dual eastbound left turn lanes and a single westbound left turn lane. All lanes shall be eleven foot in width with six foot shoulders with barrier walls remaining on the outside.
2. Modify the island on I-95 northbound on ramp and widen the ramp to accept dual left turn lanes from eastbound SR 421.
3. Modify the island for the I-95 southbound off ramp to add a right turn lane at the traffic signal with the existing dual left turn lanes.
4. Construct a northbound left turn lane and dual northbound right turn lanes at the signal from the I-95 northbound off ramp. Remove the existing northbound free flow right turn lane.
5. Construct a four foot concrete separator between the westbound through lanes and the free right turn lane from the I-95 southbound off ramp to prevent weaving into the westbound left turn lanes on SR 421.
6. Construct a four foot separator between the westbound through lanes and westbound left turn lane at Airport Road.
7. Install mast arm traffic signals on SR 421 at both ramps.
8. Install under deck lighting at the I-95 over pass of SR 421.
9. Construct sidewalk through limits of project. Sidewalk is to be raised in lieu of sheet piling to obtain required width and handrail shall be placed for section under I-95 overpass.

Estimated Cost: \$1,000,000.00
