Dear Mr. Ken Parker and City Council Members,

Some of our Sleepy Hollow property owners are experiencing property loss and damage resulting from years of past dredging of the surrounding drainage ditch. We first brought this matter to your attention in 2004 and the conditions have been worsening since then. We would like to be placed on the November 13th meeting agenda of the City Council to discuss this dire situation.

I am hoping that this date is satisfactory with you and I will be informing all our residents once I hear from you. I can be reached at 386-761-2664. Thank you for your consideration.

Sincerely yours,

**John Gregore**  
Pres. Sleepy Hollow Homeowners Assoc.
