

## CITY COUNCIL AGENDA **ITEM**

REQUESTED COUNCIL MEETING DATE 6/17/08

SUBJECT: Approve Emergency Agreements for upcoming Hurricane Season

DEPARTMENT: Finance Department

## **RECOMMENDED MOTION:**

Staff recommends that the City Council approve and award the Emergency contracts to the firms listed for the upcoming hurricane season.

## **SUMMARY:**

Last year as every year, we entered into emergency contracts for the City's' immediate needs for the hurricane season, however last year those contracts were drawn up for a two (2) year period of time. The contracts were not ratified because there was no need for them to be. The companies that these contracts are with will fulfill the City's needs during the first seventy-two-(72) hours or three (3) days. These contracts are with: Halifax Paving Inc; Masci Corporation; SET Materials; FSI Fema Services Inc.; T & K Enterprises dba Central Florida Tree Svc.; Long Leaf Forest Services; Florida Detroit Diesel Allison; Buchanan Electric; Giles Electric; Godawa Septic; Woody's Septic and EXUM Energy.

There are also several additional contracts, which are updated annually. These contracts being with: Northstar Foods; Coke; Henri Williams, the main chef from the Golf Course at Cypress Head, and Amber Jewel, backup caterers. In order to facilitate a more expedient response should an emergency be declared, staff is this year asking that all the contracts/agreements be approved and ratified by the Council ahead of the declared emergency thereby enabling everyone to be better prepared. As evaluated by the using departments, all of the contracts listed above have rates and terms competitive with current market conditions.
