

CITY COUNCIL AGENDA ITEM

REQUESTED COUNCIL MEETING DATE

January 27, 2009

SUBJECT: Garnsey Water Treatment Plant CO2 Tank Replacement

DEPARTMENT: Public Utilities

RECOMMENDED MOTION: To approve a piggyback of the City Bid B07-05 and approve a purchase order with the firm of TOMCO Equipment for the replacement of one complete CO2 tank in an amount of \$64,400, and authorize the Mayor and City Manager to execute the associated contract documents.

SUMMARY: In 2007, the City advertised Bid B07-05 for the replacement of a CO2 tank at the Garnsey Water Treatment Plant. TOMCO Equipment submitted the only bid, and was summarily awarded a contract on January 9, 2007 in an amount of \$64,400.

Since that time, a second identical CO2 unit with over 20 years of service has failed, and must be replaced. TOMCO was the supplier of the original units, and they have proven to be reliable. Therefore, City staff contacted Moss-Kelley, TOMCO's designated southeastern regional representative, to ask for assistance with the City's pricing request. Ultimately, TOMCO, through Moss-Kelley, agreed to honor its unit price from the previous competitive bid.

Staff recommends awarding a purchase order to TOMCO in the amount of \$64,400. Funds are available in WWP003 Water Plant Improvements.

Brian:

With your firm of Moss-Kelley serving as TOMCO's designated Southeastern Area Representative, I want to thank you for working with TOMCO to facilitate the City's purchase of a CO2 unit identical to and with the same terms as the unit previously purchased from TOMCO in January 2007 at a cost of \$64,400. Please be advised herewith that I plan to submit an agenda item for consideration by City Council on Jan 27, 2009. The agenda item will require the approval of the Finance Dept and City Manager before being scheduled for council. I will rely upon Chief Operator Steve Miller to keep you informed and coordinate matters with you.

If you have questions, you can reach me at 386-506-5760 or email rsmith@port-orange.org. Again, thank you for facilitating this project.

Roger Smith, Public Utilities Director

Steve,

I have some good news. We spoke with Tomco and explained that you want to purchase a new 6 ton CO2 tank. We discussed the City's interest in possibly purchasing the tank at the same price as in Jan 2007 to piggyback a previous order and not have to go through rebidding with your purchasing Department. The first response from Tomco was that they would not be able to match a 2006/2007 price today.

Here's the good news, Tomco called us and explained that they changed their minds and will offer an identical tank for the same price as in 2007 - \$64,400.

Attached is the December 2006 documents from Tomco.

Please let us know if you are still interested in exercising this option.

CITY COUNCIL AGENDA ITEM

REQUESTED COUNCIL MEETING DATE Jan. 9, 2007

SUBJECT: Bid Award, Bid B 07-05 CO2 Tank Replacement.

DEPARTMENT: Public Utilities

RECOMMENDED MOTION: Award of Bid B 07-05 to TOMCO Equipment for replacement of one complete CO2 tank in the amount of \$64,400.00 and authorize the Mayor and City Manager to sign documents on behalf of the City.

SUMMARY: Bids were solicited for the replacement of one of the CO2 tanks at the Garnsey Water Plant including all associated refrigeration equipment. The GWP has two CO2 storage and feed units with the oldest being over 20 years old and in need of complete replacement. TOMCO Equipment was the original supplier of this equipment, and submitted the sole bid for replacement.

Staff recommends approval and the authorization of a Purchase Order to TOMCO Equipment in the amount of \$64,400.00.

Funds are available in the CIP, Project WWP003, account #40302005336397.
